Noah Greenspan, PT, DPT, CCS, EMT-B
Cardiovascular and Pulmonary Clinical Specialist
Program Director

PULMONARY WELLNESS & REHABILITATION CENTER

*Pulmonary Wellness has always
put the care of our patients
at the heart (and lungs)
of everything we do.*

*Since 1998, we have strived to create
the most comprehensive state-of-the-art
and science programs in cardiovascular,
pulmonary, complex medical and since
March 2020, post-covid rehabilitation.*

MISSION

To empower our patients
to achieve their highest quality
of life by learning how to lessen
and reverse the impact of their
disease and to effectively manage
its associated symptoms.

PROGRAM

*The Center's programs are open to any person
with acute or chronic respiratory disease including
Asthma, Emphysema, COPD, Pulmonary Fibrosis,
Pulmonary Hypertension (PH), Cystic Fibrosis (CF),
Sarcoidosis, Chronic Bronchitis, Bronchiectasis,
Non-Tuberculous Mycobacterium (NTM),
Scleroderma, Pre- and Post-Cancer Care,
Pre- and Post-Surgical Rehabilitation,
and Post-Covid Care.*

*The program includes comprehensive patient
evaluation, monitored cardiopulmonary rehabilitation,
and patient education.*

DOCTORS

Pulmonary Wellness is committed to joining you in an active,
synergistic partnership to maximize your patients' care.
You will receive regular communications regarding your
patients' progress including a comprehensive pre-program
evaluation and treatment plan, interim updates,
and complete post-rehabilitation assessment.

It is our privilege to be involved in the care of your patients.

Sincerely,

Your Pulmonary Wellness Team
